Drive Train Type: Chain driven

Built By: Jarrod and Rick Burden

Built at: Newark, OH

Date: 1992

Past Names (oldest to newest): Hubba's Pride

Description and History: **Hubba's Pride** is the 2nd boat Jarrod and his dad Rick Burden have built. She is on a trailer and has trim tabs. Both boats were sidewheelers and were made from beer trucks. Both very similar- 1st one was painted pink and green. **Hubba's Pride** seats 2 people, and a helmet is a must! She runs about 15 miles per hour. All you see is the stream of water in the back. Beautiful! Although the boat used to tie behind the Jenny B at the regattas in the past years, **Hubba's Pride** is almost retired fully. She is in the back forty still on a trailer. One day maybe we will get her out again!
